

In the Matter of the Interconnection Agreement )  
between Southwestern Bell Telephone, L.P., )  
d/b/a SBC Missouri, and the MCI Group, including ) **Case No. TK-2006-0050**  
MCI WorldCom Communications, Inc., and MCImetro )  
Access Transmission Services, L.L.C., Arbitrated as a )  
Successor Interconnection Agreement to the )  
Missouri 271 Agreement ("M2A"). )

Thereafter, on September 14, the parties filed their Second Errata and Joint Motion to Modify Order Approving Interconnection Agreement, stating that it has been discovered that when the interconnection agreement was filed, the parties inadvertently failed to include an Out-of-Exchange Traffic Appendix (“OE-LEC Appendix”). Attached to

their Joint Motion are (a) the OE-LEC Appendix, Date-Stamped as pages 627-631, which forms part of the parties' agreement and which they had intended to file with the Commission (which is SBC Missouri's 13-State OE-LEC Appendix), and (b) a corrected page of the General Terms and Conditions, Date-Stamped as page 6, which lists the OE-LEC Appendix as Appendix XXXIV within the table of contents and which should be substituted for the original page filed.

The Commission's Staff filed its Recommendation and Memorandum on September 23, stating that it has reviewed the second errata and accompanying motion and believes the second errata conforms to the Arbitrator's Report, the Commission's Arbitration Order, and the Telecommunications Act of 1996 ("the Act"). Under the provisions of the Act, the Commission may only reject "an agreement (or any portion thereof) adopted by arbitration under subsection (b) if it finds that the agreement does not meet the requirements of section 251, including the regulations prescribed by the Commission, or the standards set forth in subsection (d) of this section."<sup>1</sup> Staff recommends approval of the second errata.

The Commission has reviewed the second errata, the joint motion and Staff's recommendation, and finds that the interconnection agreement filed in this matter as modified by the second errata conforms to the requirements of 47 U.S.C. § 251, and that such modification is necessary, appropriate and in the public interest. The Commission will therefore issue this Second Order Approving Errata and Modifying Order Approving Arbitrated Interconnection Agreement to correct the errors that existed in the agreement as originally filed.
